

STATIONERY LIST

The following stationery is mandatory for pupils in all year groups:

Equipment
Harrow School Bag (Years 6-11)
Learning device (MacBook or iPad as appropriate) and charger. Pupils using an iPad should also bring an Apple Pencil and keyboard. These should be clearly labelled with the pupil's name.
Pencil Case
Pens (blue, black, and green)
HB pencils
Rubber (eraser)
Sharpener
Highlighters
Glue Stick
Scientific Calculator (please see notes below)
A geometry set that includes a protractor, pair of compasses and 30cm ruler
Scissors

Calculators

- No calculators are required for Year 6
- For Years 7-13 we recommend the **Casio Classwiz fx 991CW**

The calculator is available for purchase through the Maths Department.

Please note that the Chinese version of the **CLASSWIZ** does not have all the functions of the international version and is therefore not suitable for A-level Mathematics or Further Mathematics.

Devices and technology

Devices should be fully charged before the school day. We also encourage every pupil to bring a reading book.

Pupils should not wear smartwatches or AI glasses during the school day and should not bring specialist art equipment or materials as these will be provided by the School. Phones should not be used within the school day but should be switched off and kept in bags.
